(Special to The Times-Dispatch.)

SALISBURY, N. C., Nov. 8.—The prohibition fight in this city, with a view of holding an election on the 12th instant has grown particularly hot. A great surprise, however, was sprung on the city yesterday afternoon at a mass meoting when the attorneys for the Anti-Saloon League, Messrs. Garland and Walser, announced that an election cannot be legally held on November 12th as had been agreed upon and advertised by both sides, according to a call issued by the Board of Aldermen, under the advice of the city attorney, Mr. Walter Murphy, who is also acting as editor of the "Items," the liquor organ.

The law under which this election must be held, as explained by Mr. Garland, provides that the registration books must he kept open seven days prior to the election and must close on the second Saturday before the same is held. This statute has not been compiled with in Salisbury, owing to an oversight. The election has, therefore, been postponed for thirty days or longer in order that a new registration may be taken. The data must be agreed upon and a mean call issued by the Board of Aldermen.
